## Specification

|                          |                                                                                                   |
|--------------------------|---------------------------------------------------------------------------------------------------|
| Product                  | Blender bags PE, 400ml, 190x300 mm, full filter, 25 pcs/bag, transparent, np pcr ready, sterile R |
| Dimensions               | width: 190,00 mm (+/- 0,2 mm)                                                                     |
|                          | length: 300,00 mm (+/- 0,2 mm)                                                                    |
|                          | thickness: 70 µm                                                                                  |
| Colour                   | transparent                                                                                       |
| Nominal Capacity         | 400ml                                                                                             |
| Material Characteristics | bag: polyethylene (PE)                                                                            |
|                          | filter: polyester fleece                                                                          |
| Temperature range        | -40°C - 80°C                                                                                      |
| Product Characteristics  | biologically inert                                                                                |
|                          | physiologically harmless                                                                          |
|                          | no heavy metals according to EC/94/62                                                             |
|                          | Food contact: raw material in compliance with regulation EC 1935/2004                             |
|                          | free of detectable phthalate                                                                      |
| Purity Grade             | free of PCR inhibitors                                                                            |
|                          | free of human DNA                                                                                 |
|                          | free of RNase and DNase                                                                           |
|                          | free of pyrogens                                                                                  |
| Sterilisation Process    | radiation sterilization SAL 10-6                                                                  |
| Shelf - Life             | 25 years at controlled storage conditions                                                         |
| Packaging                | pcs per inner cs: 500                                                                             |
|                          | pcs per carton: 2.500                                                                             |
|                          | pcs per pallet: 45.000                                                                            |
| Storage                  | dry condition: 40%-60% rel. humidity                                                              |
|                          | bags / cases orig. closed                                                                         |
|                          | storage temp. +10°C to max. +30°C                                                                 |
